

Rina Abdrakhmanova

Senior Lead Product Designer, UI/UX

Almaty, Kazakhstan, ranabuvia@gmail.com

About me

Product and UI/UX designer with 4.5+ years of experience. Currently focused on complex B2B products and IoT ecosystems. I take products from early concepts and user flows to high-fidelity UI, design systems and developer handoff. Experience in international product studios with clients such as Visa, Heineken, Rostic's, Tumodo and Ultralytics.

Experience

Senior Lead Product Designer, Jul 2025 — Present

IoT Solutions & CloudCore, Almaty, Kazakhstan, Full time

An IoT ecosystem for self-service car wash networks and connected equipment, operating across Kazakhstan.

- Lead product design across the ecosystem — mobile apps, web platforms and hardware interfaces — with PMs, developers and hardware engineers.
- **Designed and launched a mobile application from the ground up** — a modern mobile-first solution replacing the previous product.
- Designed interfaces for **4 new hardware boards** and for a **nationwide project with RGBrands**, now operating across Kazakhstan.
- Designed and launched a **partner dashboard** for managing the company's products and services.
- Established the product's design system and visual language, and led the redesign of the company website.

UI/UX Designer, Nov 2024 — Jun 2025

Relate Studio, Full time

- Worked on three projects, developing visual concepts and digital experiences tailored to different business goals.
- Created a client case study that reached **12,000+ views** and received a **Branding Featured badge on Behance**.
- Helped grow the studio's social media presence through a consistent visual direction and engaging content.
- Conducted visual and competitor research, and presented concepts to clients and internal stakeholders.

UI/UX Designer, Design Education Curator, Jul 2023 — May 2025

Humbleteam, Full time; part time from Dec 2024

- Designed mobile apps, web apps and websites for **Heineken, Visa, Tumodo, Kobil Appbuilder, Ultralytics, Cushion, Rostic's, Mango Languages** and others.
- Launched new products and supported existing ones: worked with developers and PMs through implementation, presented solutions to clients.
- Created a creative page for Humbleteam Fintech — one of the most captivating pages on the company website, which increased engagement.
- Conducted research, user testing, and competitor and market analysis.
- As Design Education Curator, built an **Individual Development Plan (IDP) system** and organized a **two-month lecture series on integrating AI into daily workflows**; mentored designers.

Communication Designer, May 2023 — Jul 2023

1FIT, Full time

- Developed a targeted campaign that **increased banner reach on social media from 1.4% to 3–5% user retention**.
