

Rina Abdrakhmanova

Senior Lead Product Designer, UI/UX

Almaty, Kazakhstan, ranabuvia@gmail.com

About me

Product and UI/UX designer with 4.5+ years of experience, currently focused on complex B2B products and IoT ecosystems. I take products from early concepts and user flows to high-fidelity UI, design systems and developer handoff — across mobile apps, web platforms, partner dashboards and hardware-connected interfaces. Experience in international product studios with clients such as Visa, Heineken, Rostic's, Tumodo and Ultralytics, plus a background in brand and communication design.

Experience

Senior Lead Product Designer, Jul 2025 — Present

IoT Solutions & CloudCore, Almaty, Kazakhstan, Full time

An IoT ecosystem for self-service car wash networks and connected equipment — vending machines, water and coffee dispensers — operating across Kazakhstan.

- Lead product design across the ecosystem — mobile applications, web platforms, partner interfaces and hardware-connected products — with PMs, developers, hardware engineers and business stakeholders.
- **Designed and launched a mobile application from the ground up**, transforming the existing product experience into a modern mobile-first solution.
- Designed interfaces for **4 new hardware boards**, connecting hardware capabilities with intuitive digital experiences.
- Designed the interfaces for a **large-scale nationwide project built in partnership with RGBrands**, now operating across Kazakhstan.
- Designed and launched a **partner dashboard** that gives businesses tools to manage and interact with the company's products and services.
- Led the **redesign of the company website and visual identity**, and established the product's visual language and design system across platforms.
- Art-directed a team photoshoot and contributed to the company's PR and communications strategy.

UI/UX Designer, Nov 2024 — Jun 2025

Relate Studio, Full time

- Worked on three client projects simultaneously, developing visual concepts and digital experiences tailored to different business goals.
- Created a client case study that reached **12,000+ views** and received a **Branding Featured badge on Behance**.
- Helped grow the studio's social media presence through a consistent visual direction and engaging content.
- Conducted visual and competitor research, and presented concepts to clients and internal stakeholders.
- Organized and delivered lectures on art history for designers, expanding the team's visual and cultural knowledge.

Design Education Curator, Dec 2024 — May 2025

Humbleteam, Part time

- Built an **Individual Development Plan (IDP) system** for the design team, with a flexible skill framework aligned to project needs and designers' interests.
- Organized a large-scale event with a **two-month lecture series on integrating AI into daily workflows**.

Interests

UX research,

Painting,

Team events & lectures.

- Maintained the team's knowledge base, curated courses and learning formats, and mentored designers within my area of expertise.

UI/UX Designer, Jul 2023 — Nov 2024

Humbleteam, Full time

- Designed mobile apps, web apps and websites for clients including **Heineken, Visa, Tumodo, Kobil Appbuilder, Ultralytics, Cushion, Rostic's and Mango Languages**.
- Launched new products and supported existing ones, collaborating with developers and product managers through implementation and presenting solutions to clients.
- Created a creative page for Humbleteam Fintech that increased user engagement and remains one of the most captivating pages on the company website.
- Conducted research, user testing, and competitor and market analysis to support design decisions.
- Organized a month-long educational team event that received strong feedback across the company.

Communication Designer, May 2023 — Jul 2023

1FIT, Full time

- Developed a targeted campaign that **increased banner reach on social media from 1.4% to 3–5% user retention**.
- Delivered a special project covered by Kazakhstani media, creating its website style and illustration concepts.
- Updated the brand's merchandise and created illustrations for stands at sxodim.fest, one of the city's largest summer festivals.

Communication Designer, Feb 2023 — Jul 2023

Royal Custo, Project-based

- Maintained and updated communication materials for the social media of major brands including Leroy Merlin Kazakhstan, IT Support Group Kazakhstan and Letit AI.

Graphic & Web Designer, Mar 2020 — May 2023

Mint Project, Project-based

- Designed large corporate websites, landing pages and online stores, including responsive versions, prototyping, user testing and competitor analysis.
- Created corporate identity, brand books and guidelines; designed catalogs, magazines, presentations and packaging.
- Handled client communication and product presentation, handed projects off for development and provided design support.
